

**Ex. No. 1:** Create a simple cloud software application and provide it as a service using any Cloud Service Provider to demonstrate Software as a Service (SaaS).

**Aim:**

To create a simple cloud software application and provide it as a service using any cloud service provider to demonstrate software as a service (SaaS).

**Procedure:**

**Step 1:** Go to zohocreator.com.

**Step 2:** Log into zohocreator.com.

**Step 3:** Select one application step.

**Step 4:** Enter application name.

**Step 5:** Created a new application.

**Step 6:** Select one form

**Step 7:** The software has been created.

**Implementation:**

The screenshot shows the Zoho Creator interface for creating a 'booked seats' form. On the left, there's a sidebar with 'movie-booking-app' and sections for 'Tickets', 'movies collection', and 'Seats'. The 'Seats' section is currently selected. The main area displays the 'booked seats' form with fields for Name (First Name and Last Name), Phone (+91 81234 56789), Email, Drop Down ('Select'), Currency (##,##,##.##), and Date-Time (dd-MMM-yyyy HH:mm:ss). A 'Submit' button is at the bottom. To the right, there's a 'Form Customization - Web' panel with 'Label placement' options showing four grid layouts. The top right corner of the main window has a small circular icon with a blue 'B'.

## 1. Ticket form:

The screenshot shows the Zoho Forms interface for creating a ticket booking form. The top navigation bar includes 'movie-booking-app', 'tickets', 'Design', 'Workflow', 'Settings', 'Upgrade', 'Access Development Live', and 'Form Customization - Web'. On the right, there's a 'Label placement' section with four grid options for arranging form fields.

**Ticket Booking Form Fields:**

- Name:** First Name (input), Last Name (input)
- Address:** Address Line 1 (input), Address Line 2 (input)
- City / District:** City / District (input), State / Province (input)
- Postal Code:** Postal Code (input), Country (dropdown menu)
- Multi Line:** Multi Line (text area)
- Date:** Date (input) - 16-Nov-2025
- Email:** Email (input) - madhuvanthy@gmail.com

The bottom status bar indicates a trial period of 14 days, upgrade options, and a link to get started faster.

All Tickets						
	Name	Address	Multi Line	Number	Time	Phone
	Madhuvanthi S K	Chennai, 11, Chennai, TamilNadu, 600001, India	Movie Booking	1234567889	15:20:00	+918838526221

## 2. Movie Collections form:

The screenshot shows the 'movie-booking-app' interface with the 'movies collection' form open in the 'Design' tab. The left sidebar shows navigation links for 'Tickets', 'movies collection', and 'Seats'. The main area displays a form with fields for 'Url' (with a placeholder 'https://'), 'Video' (with a 'Select File' button), 'Audio' (with a 'Select File' button), 'Drop Down' (with a 'Select' dropdown menu), and 'Multi Select' (with a 'Select-' dropdown menu). A 'Submit' button is at the bottom. To the right, there is a 'Form Customization - Web' panel titled 'Label placement' containing four grid options for arranging form labels.

### 3. Booked Seats form:

The screenshot shows the 'Form Customization - Web' interface with the 'booked seats' form selected. The left sidebar contains navigation links: Tickets, movies collection, Seats (selected), booked seats, and All Seats. The main area displays the form fields: Name (First Name and Last Name inputs), Phone (+91 input with value 81234 56789), Email (input), Drop Down (Select dropdown with value 'Choice 1'), Currency (input with value 200), and Date-Time (dd-MMM-yyyy HH:mm:ss input with value 16-Nov-2025 15:26:55). A 'Submit' button is at the bottom. On the right, there's a 'Label placement' section with four grid options for arranging form labels.

The screenshot shows the 'booked seats' form in the 'movie-booking-app' interface. The form fields are populated with data: Name (First Name: Madhuvanthy, Last Name: S K), Phone (+91 8838526226), Email (madhuvanthy@gmail.com), Drop Down (Choice 1), Currency (200), and Date-Time (16-Nov-2025 15:26:55). The 'Submit' button is visible at the bottom.

The screenshot shows a user interface for a movie booking application. On the left, there is a sidebar with the following navigation options:

- Tickets
- movies collection
- Seats
  - booked seats
- All Seats

The "All Seats" option is highlighted with a blue background. The main content area is titled "All Seats" and contains a table with the following data:

<input type="checkbox"/>	Name	Phone	Email	Drop Down	Currency	Date-Time
	Madhuvanthi S K	+918828526225	madhuvanthi@gmail.com	Choice 2	₹ 200.00	16-Nov-2025 15:26:31

At the bottom of the table, there is a progress bar indicating "Showing 1 of 1".

## Result:

Successfully created a simple cloud software application and provided it as a service using any Cloud Service Provider to demonstrate Software as a Service (SaaS).
